

SPE Scholarship recipients for 2008-2009

PTC would like to congratulate the following students who received SPE Scholarships for the year 2008-2009.

SPE Scholarships

- **Hui Fu, graduate student majoring in Chemistry, research in: "smart" responsive polymers**
- **Xuele Qi, graduate student majoring in Mechanical Engineering, research in: Optimal Low Cost Insulated Beverage Dispenser Design Using Multinozzle Structural-web Molding Technology"**
- **Brennan Bailey, undergraduate student majoring in Biomedical Engineering**

SPE Scholarship Polyolefin Confence 2008

- **Cody A. Schoener, graduate student majoring in Biomedical Engineering, research in: "Biodegradable Inorganic-organic Hydrogel Scaffolds"**

SPE Henry Kahn Scholarship

- **Piyush R. Thakre, graduate student majoring in Material Science, research in: "Processing and Characterization of polymer matrix multi-functional nanocomposites and multi-scale fiber reinforced polymer composite laminates"**

SPE Dale Walker Memorial Scholarship

- **Alexander Morgan Pankonien, undergraduate student majoring in Aerospace Engineering**
