

**Polymer Technology Industrial Consortium
(PTIC) Student Poster Session**

April 4th-5th, 2013

	Stu- dents Name	Students Poster Title
1	Adriana Pavia	"Magnetic Shell Crosslinked Knedel-like (SCK) Nanoparticles Designed for Hydrophobic Pollutant Entrapment and Recovery in Aqueous Environments"
2	Olivia George	"Shape Memory Polymer (SMP) Foams"
3	Kevin Pollack	"Hyperbranched fluoropolymer-polydimethylsiloxane-poly (ethylene glycol) crosslinked terpolymer networks designed for marine and biomedical applications: Heterogeneous non-toxic anti-biofouling surfaces "
