

POLYMER TECHNOLOGY CENTER

SPE SCHOLARSHIP RECIPIENTS FOR 2010-2011

SPE Dale Walker Memorial Scholarship

- **Melissa Giese, Biomedical Engineering**

SPE Henry Kahn Scholarship

- **Xi Zhang, Material Science and Engineering, research in: “Exfoliation of Carbon Nanotubes in Organic Solvents and Polymer Matrices”**

SPE Scholarships

- **Brian Anthony Hare, Material Science and Engineering, research in: “Polymer Scratch”**
- **Casie Hilliard, Chemistry, research in: “Diphosphine cage molecules for homogeneous and immobilized catalysts and for investigating surface adsorption phenomena”**
- **Minhao Wong, research in: “Facile Synthesis of Melt-processable ZnO QD/PMMA Hybrid Materials with Tunable Refractive Index”**
- **Payam Khodaparast, Material Science and Engineering, research in: “Physical and chemical characteristics of interphase in polymer nanocomposites”**

Congratulation to all these students

**L-R=Payam Khodaparast, Casie Hilliard,
Brian Anthony Hare & Minhao Wong**
